

MATHS IS A HOOT!

Fast paced, fun maths sessions for EYFS

END OF YEAR GOALS (NUMBER)...

- **Reception**

(Early Learning Goal)

- Children count reliably with numbers from 1 to 20, place them in order and say which number is one more or one less than a given number. Using quantities and objects, they add and subtract two single-digit numbers and count on or back to find the answer. They solve problems, including doubling, halving and sharing.

WHAT IS 'MATHS IS A HOOT'?

- A 'hands on', interactive way of teaching maths skills to young children.
- Sessions last 20 minutes and are taught every day.
- Children are taught in groups, at their own level.
- Games/activities sent home, based on what the children are learning in school.

TODAY'S WORKSHOP...

Table Activities

Card and dice games

Board games

Maths is a Hoot games

- Circulate around the activities to sample some of the ideas we use in school.
- The staff are here to support you and give you some practical ideas/advice.
- We have a pack for everyone to take home.
- If you have any questions, please ask.
