

As the school, we will:

- keep our Risk Assessment under review
- prepare the school site to receive pupils in the safest way we can
- consider classes or year groups as 'bubbles' that do not mix with others
- deliver a curriculum that supports the pupils in transition back to school
- work tirelessly to support pupils to re-engage with school-based learning
- establish safe entry and exit points to the classrooms
- set out the KS2 classrooms so that the pupils are not face-to-face
- establish safe movement in corridors
- ensure that toilet areas are cleaned frequently
- ensure that handwashing facilities are readily available
- ensure that there is good ventilation in the classrooms
- clean the classrooms according to the COVID-19 guidance
- train all our staff to observe social distancing from colleagues
- insist our staff take twice-weekly COVID tests
- ensure our staff wear face masks in communal areas
- communicate with parents & carers efficiently if we have any health concerns

As parents & carers, we will:

- prepare our children by reminding them of school's expectations in regard to conduct
- discuss how they can play safely with their peers
- ensure that they are dressed in clean uniform and safe footwear
- accept the government guidance that the wearing of PPE by pupils in school is not appropriate
- limit the number of items our children bring to school
- ensure that they arrive at school at the allocated time and place
- wear face coverings when entering the school grounds unless exempt
- maintain social distancing with other adults
- leave the school site as promptly as possible and not gather in groups
- avoid using the office by choosing to communicate by phone or email
- inform the school immediately if our children display any symptoms
- ensure that those who have coronavirus symptoms do not attend school

As pupils, we will:

- discuss with our parents & carers how we feel about returning to school
- ask questions, if we do not understand the new systems
- accept that school routines are different than before
- try not to touch other pupils or staff
- arrive at school at the allocated time and place
- leave the school site promptly
- wash our hands regularly for 20 seconds several times per day
- *catch it! bin it! kill it!* when we sneeze or cough
- stay in our allocated year group
- not mix with pupils in other classes or year groups
- wear the correct uniform and footwear
- not bring in any non-essential items from home
- inform our parents & carers if we do not feel well
